Cloze Passage

Name _____ Date _____

Based on *Reading Horizons Discovery® Little Book "Gavin and the Dragon"*

"What was that?!" cried Gavin. About eleven feet down the river, he saw the shadow of a dragon. The dragon was lying on the ground, groaning and roaring. The dragon had a shard of metal stuck in his teeth.

Seeing the dragon in pain, Gavin felt sorry for the huge creature and used a magnet to extract the metal shard. He was excited to go home to tell his mother that dragons exist.
