Welcome to the *Reading Horizons Discovery*® Kindergarten Weekly Student Packet! In this packet, you’ll find activities that students can do independently along with some activities that require the help of a fluent reader. Activities will vary from week to week, but each packet will include a combination of activities described below.

**Most Common Words Cards**
Most Common Words are words that appear so frequently in writing that students should know them by sight. Simply have the student read the words aloud to help them practice rapid recognition skills.

**Transfer Cards and Whole Class Transfer Cards**
These cards are designed to help students practice a particular reading skill that they’ve learned. They can be used a variety of ways. Consider the following ideas:

- Point to each word (in order or randomly) and have the student read it.
- Read the word aloud and have the student write the word on a piece of paper.
- Have the student illustrate the sentences on the cards.

**Reading Horizons Discovery® Kindergarten Little Books**
Each skill lesson contains an accompanying Little Book showcasing words that include skills learned in the lesson. Encourage the student to read the book aloud to you. Then, read each comprehension question and allow the student to point to the correct response.

**Practice Pages**
Instructions at the top may need to be read to the student.

**Sort and Spell Activities**
In the Sort and Spell activities, the words can be cut out and moved into the appropriate columns on the sort page. The student could also use the words in the bank as a reference and write the words into the correct columns.

**Cloze Passages**
The student should use the words on the second page of the activity to fill in the blanks on the first page. The passages are designed to include only words that the student has learned the necessary skills to read independently.

**Writing Prompts**
Designed to help students write using skills they’ve learned, writing prompts may need to be read to the student by a fluent reader.

**Building Words Activities**
The student should cut out the accompanying letter cards. A fluent reader should read the Building Words Activity script aloud to the student while the student uses the cards to spell the words. In some cases, it may be smart to break this activity up into two sessions to avoid overloading the student. The Building Words Transfer Card uses words from the Building Words Activity in sentences designed to help students practice reading skills.

**Games**
Engaging games such as Bear It and the Blends Game are great tools for helping students practice their skills in a fun way. When games are included, you’ll find the instructions along with all the necessary components to play. Consider storing the game components (such as Blends cards) for future use.

Happy Reading and Spelling!

The Reading Horizons Team

There are more than enough activities in each packet to keep a child engaged. You may find that the teacher will assign only certain pages each week. She or he may also send these packets home for a two week period. Be sure to follow whatever instructions are communicated by the teacher.

Lesson 54: Antonyms

Draw a line from each picture on the left to the picture of its opposite on the right. The first one has been done for you.

Antonyms are words that mean the opposite of each other.
Two Digraphs look the same but have different sounds. They are th (th) and th (thud).

Lesson 55: Voiced and Voiceless and the TH Digraphs

Write and mark each th Digraph. Then mark and read the words below. The first words have been done for you.
Objective: Interrogative Sentences

Write a check mark in the space if the sentence is a question. Then write the correct ending punctuation (a question mark if it is a question and a period or exclamation point if it is not).

1. ______ Why is the sky blue
2. ______ I like ice cream
3. ______ How are you
4. ______ What is your name
5. ______ My name is Sam

Skill Review
For skill information, see Grade 1 Instructor Cards for Spelling Lesson Week 10.

Building Words
Let’s start by spelling words that end with the th Digraph, using the sound cards.

1. Use four letters to spell the word path. Is the th Digraph in path voiced or voiceless? (voiceless) That is right; it is voiceless. We walked along the path.
2. Change one letter to spell the word math. Is the th Digraph in math voiced or voiceless? (voiceless) That is right; it is voiceless. I like math class.
3. Spell the word with. Is the th Digraph in with voiced or voiceless? (voiceless) That is right; it is voiceless. My sister is playing with her friend.

Now we will spell words that begin with the th Digraph.

4. Use four letters to spell the word then. Is the th Digraph in then voiced or voiceless? (voiced) That is right; it is voiced. Finish your homework, and then you can play.
5. Change one letter to make the word then become the word than. Is the th Digraph in than voiced or voiceless? (voiced) That is right; it is voiced. My sister is taller than me.
6. Add one letter to the end of than. What is the new word? That is right. It is the word thank. Is the th Digraph in thank voiced or voiceless? (voiceless) That is right; it is voiceless. I want to thank you for your help.
7. Change one letter to change the word thank to the word think. Is the th Digraph in think voiced or voiceless? (voiceless) That is right; it is voiceless. What do you think about this book?
8. Use four letters to spell the word them. Is the th Digraph in them voiced or voiceless? (voiced) That is right; it is voiced. I can help them carry the tools.
9. Spell the word this. Is the th Digraph in this voiced or voiceless? (voiced) That is right; it is voiced. Is this your coat?
10. Spell the word that. Is the th Digraph in that voiced or voiceless? (voiced) That is right; it is voiced. He is sitting in that chair.

Beat the Clock
Ask students to use the sound cards from this lesson to form as many words as they can in a specific amount of time (1-5 minutes depending on the needs of your students and available time).
Words: path math think thank then with that them this that

Sentence: I think that I will bring them this cloth.
Games

Bear It

Objective: Identify and read Most Common Words (MCWs) aloud, and be the player with the highest number of Most Common Words Flashcards.

Materials: Button, coin, bean, or token for each player; Bear-It game board; Most Common Words Flashcards; one die.

Preparation: Copy one Bear-It game board (found online at www.rhaccelerate.com) for every two students or small group in the class. It is recommended that the board be copied on sturdy cardstock and, if possible, laminated.

To play: Place the Most Common Words Flashcards face-down in a draw pile. The first player shakes the die to determine the number of cards he must take from the MCWs draw pile. The player then reads each card aloud and moves one space for each word read correctly. If he can read only two of the cards, he may move only two places. Play stops immediately for that player when a word is missed. The next player then has a turn. If a player lands on a space with a picture, he follows the instructions for that picture at the bottom of the game board. Each player keeps the Most Common Words Flashcards he has read unless he lands on a picture that instructs him to return the words to the pile. If the draw pile runs out of cards before the game is over, players should count and record the number of cards they have accumulated, and then all cards should be shuffled and returned to a new draw pile. The player with the highest number of Most Common Words Flashcards at the end of the game is the winner.

Variation: Play with Alphabet Cards. Students must say the letter names and sounds.
